Acoustic Baffles

Yin-Yang Baffle System features 32 prefabricated baffles with mirrored, interconnected curves. Baffles press-fit into notched cross members for clean, tool-free assembly. Suspend, mount, or run continuously from ceiling to wall.

- ✓ Acoustic
- ✓ Bleach Cleanable
- ✓ Easy Clean
- ✓ Easy Install

Description	<p>Where architecture meets acoustic intent, Zintra Baffle Systems bring sculptural design to ceiling and wall applications. Flowing seamlessly from surface to structure, Zintra baffle designs transform noise control into a design feature—delivering bold, 3D forms that play with light, depth, and shadow.</p> <p>Zintra Baffles are a prefabricated system that offer an innovative replacement to traditional mineral fibre lay systems. Available in full and Lite variations, each design includes 32 or 16 prefabricated baffles and ships with five 25mm notched aluminium tubes in a sleek black powder coat finish—also available in 12 vivid powder coat colors to complement any interior palette.</p> <p>Zintra Baffles aren't just sound absorbers—they're architectural statements. Suspend them from ceilings, mount to walls, or create ceiling-to-wall transitions for continuous visual impact.</p> <p><b>Yin-Yang</b> brings visual harmony through interlocking forms that mirror and complement one another. The design flows with intention, creating a balanced rhythm that adds visual interest and acoustic dimension overhead.</p> <p>With superior NRC performance, Zintra's vertical baffles present increased surface area to the room enhancing sound absorption. Combined with ready-to-install ease and a wide selection of designs, finishes and print options. Zintra Baffle systems deliver flexible acoustic solutions ideal for large noisy spaces like education settings, commercial offices, hospitality venues, or public zones where atmosphere and performance must work in harmony.</p> <p>Available in 6 designs.</p> <p>Cove   Knotty   Live Edge   Stacked   Straight   Yin-Yang</p> <p>All designs also available in a Lite version.</p>

Acoustic Baffles

Dimensions	953mm (37.5") x 2743mm (108") x 100mm (4")
Fire Rating	ASTM-E84 – Class A classification AS ISO 9705 – 2003 – Group 1 classification EN-13501 – B-s2-d0 classification
Assembly & Delivery	Ships Flat Packed.  Go to the Technical Documents and download the Installation Guide for more details.
Suggested Installation	Go to Technical Documents and download the Installation Guide for more details.
Care Instructions	Vacuum to remove dust.  Dab Zintra with a damp clean cloth and mild solution of liquid detergent and warm water. Repeat using only clean water, then pat dry with a lint free cloth.  For difficult stains, use a solution of household bleach (10% bleach / 90% water). To remove the bleach, repeat using a clean, water dampened cloth, then pat dry.  Always test in an inconspicuous area first and if you don't see the expected results, contact us.
Warranty	5-year warranty. Visit <a href="https://baresque.com.au/warranty">baresque.com.au/warranty</a> for complete details.
Customisable	The Zintra Acoustic Solutions range is customisable to your project. Please get in touch with your local contact for details.
How to Specify	1. Select Design  2. Select Zintra Colour
